<b>5</b>	<b>Matters Arising from Previous Minutes.</b>  At recent meetings A MOP from Burnside Court raised a concern about the difficulty faced by residents of Burnside Court when trying to cross the road outside the Sheltered Housing development and asked for an update.  Sandra advised that she'd spoken to the Hanover Housing Officer who was going to contact Clackmannanshire Council to suggest a crossing is included in plans for the area. Residents are worried that increased traffic from the proposed houses on the former hotel site will make the situation worse. Sandra will speak to the Housing Officer again for an update	Sandra

6	<p><b>Police Report – PC Brentt Chambers</b> - Report Attached</p> <p>A MOP suggested ACC include parking issues at Alva Primary School (APS) as well as those at Burnside Court in communications with Clackmannanshire Council. Linda suggested meeting with the APS parking group if they'd like.</p>	Linda

7.1	<p><b>Chairperson Report – Lynn Cameron</b></p> <p><b>Trusted Partnerships, Key Holding and use of Alva CAP</b> – Lynn advised that Stephen Morrison Leisure Services Coordinator, on behalf of Brian Forbes, Manager of Clackmannanshire Council Customer Services contacted her to organise a meeting to discuss this topic. 7.2	<p><b>Secretary Report</b> – Linda Greig</p> <p><b>EDF Micro grants</b> – Phil agreed to put a link on the website.</p> <p><b>Parking on Southcroft</b> – Cllr Drummond made this enquiry on behalf of Alva Community Council. The response from Clackmannanshire Council is that they acknowledge that parking has always been a problem and is a balance between maintaining access and permitting some on-street parking for residents. There is also the issue of people parking on Southcroft while visiting the adjacent pub.</p> <p>If the issue is vehicles parking on, or partly on, the footway then Police Scotland can book the vehicles for obstruction of the footway, this does not require yellow lines to be in place.</p> <p>Yellow lines make it easier for Police Scotland to book vehicles parked within the length of street covered by the yellow lines. With this in mind, Clackmannanshire Council will extend the existing yellow lines as far as the one-way signs which will cover the junction area at the north end of Southcroft. We have completed the road marking programme for 2016/17 as we try to have our road marking works carried out during the summer weather. We will aim to have the yellow lines extended by a few metres early in the new financial year, as part of our first batch of new works during April / May 2017.</p> <p><b>Street Signs for Craigleith Terrace, Alva</b> – This was raised at the December meeting &amp; there doesn't seem to be a course of action – Linda will raise it with the Traffic Management &amp; Road Safety Officer Clackmannanshire Council.</p> <p><b>Community Matters – Email from Lesley Baillie</b> Community Councillors agreed to give some constructive comments regarding the Community matters programme.</p> <p><b>Community Action Plan - Email from Lesley Baillie.</b> Councillors will put forward a couple of dates for meeting with Stuart Crickmar. Phil agreed to circulate a Doodle Poll to agree a date.</p> <p><b>Community Council Website</b> - are seeking views on people's experiences and opinions of the website through a short survey- <a href="http://www.smartsurvey.co.uk/s/SQAA3/">http://www.smartsurvey.co.uk/s/SQAA3/</a> The survey is completely anonymous and conducted by the Community Council Project at the Improvement Service. 8.2	<p><b>Joint Community Council Forum (JCCF)- Lynn</b></p> <p>Lynn attended the last JCCF meeting on 2 February 2017 where there was the annual visit from the Police and Fire Service.</p> <p>Outcome Improvement Plan will be renewed in October 2017.</p> <p>Police Scotland online survey is ongoing 'Your View Counts' and is valued – it takes 15 minutes to complete and will help shape policing priorities throughout the country. It's on Police Scotland website at <a href="http://www.scotland.police.uk/yourviewcounts">www.scotland.police.uk/yourviewcounts</a>.</p> <p>So far the 5 top crime list of priorities are;</p> <ol style="list-style-type: none"> <li>1. Anti social behaviour(inc disorder, violence)</li> <li>2. Housebreaking (20% less than last year)</li> <li>3. Drug misuse and dealing</li> <li>4. Violent crime(biggest being domestic)</li> <li>5. Child abuse and exploitation</li> </ol> <p>Fire Brigade - are not just for fire. They offer 'Prevention Talks' to vulnerable people.</p> <p>Facilities Management - Clackmannanshire Council are offering assistance e.g. with Christmas Lights. Lynn suggested we could ask them to arrange fuses so that lights don't necessarily come on as soon as they are put up and could be switched off to await being taken down.</p>	

	<p><b>JCCF new Chairperson</b> - For the next 12 months this will be Ewart McAuslane from Tilli, Coalsnaughton and Devonside. All Community Councils take a turn of this post.</p> <p>The date of the next JCCF meeting is 13 April 2017</p>

The Scottish Government is seeking the views of individuals and interest groups on proposals to make improvements to our planning system that give people a stronger say in the future of their communities, whilst also supporting the delivery of the development Scotland needs.</p> <p>Please follow the link provided below to access the consultation and I hope you will support the consultation by providing valuable feedback and sharing the consultation across your community.  <a href="https://consult.scotland.gov.uk/planning-architecture/a-consultation-on-the-future-of-planning/">https://consult.scotland.gov.uk/planning-architecture/a-consultation-on-the-future-of-planning/</a> Phil agreed to put this on ACC's Facebook Page</p> <p><b>This week's bulletin had no issues for Alva &amp; can be seen at</b>  <a href="http://www.clacksweb.org.uk">www.clacksweb.org.uk</a></p> <p><b>Former Alva Glen Hotel Site</b> - At the last meeting we discussed the Proposed Development at Former Alva Glen Hotel site and the possibility of having Christmas lights on the site for the benefit of the community. Cllr Drummond asked the principle planner on our behalf if we could make use of the tree &amp; if a power supply could be provided at the construction stage. The Principle Planner has given a reply on three points;</p> <ol style="list-style-type: none"> <li>1. The Council, as a planning authority, can deal with the use of land and hard/soft landscaping, but cannot consider matters such as Christmas tree lighting. Final details of the layout and design of the development, including this area, are still to be determined.</li> <li>2. The applicant's agent has indicated that the square area of land at the corner of Stirling Street and Brook Street is intended to be privately owned by the proposed new house on Stirling Street that immediately adjoins it. They have indicated that they would not wish to install an electrical power connection to the area of land due to risk and liability. If the final proposals are to include a tree in this location, we have no authority to require a power supply.</li> <li>3. The Community Council are advised to make direct contact with the applicant should they wish to negotiate the provision of lighting as part of the development.</li> </ol> <p><b>Queen Street Closure</b> – A MOP expressed concern about the prolonged closure of Queen Street from the junction with Erskine Street to the junction with Beauclerc Street as it is most inconvenient for those living in the vicinity. Sandra advised there is a notice on lampposts in Queen Street advising that it will be closed until March or until construction work is complete on the Eco Houses.</p> <p><b>Whitelining of Resurfaced A91 at Cochrane Park</b> – A MOP highlighted that this hasn't been done yet. It was agreed that Linda will email the Roads Traffic Manager / Safety Officer.</p>	<p>Phil</p>

Cllr McGill agreed to contact Scottish Government to request permission to use some of the £2m secured for Clackmannan for project management of their regeneration project as this would prevent delay of VSTI works in other towns including Alva. Cllr McGill wasn't present but replied by letter to ACC Chairperson. Cllr McGill advised that there was no prospect of attracting further funding from the Government Regeneration Capital Grant Fund for Alva. ACC didn't ask for that request to be made. Sandra will clarify with Cllr McGill and request a response for the March meeting.</p> <p><b>Community Facilities</b>  At the previous ACC meeting Cllr McGill confirmed the Labour administration have no plans for a Community Campus / HUB at Alva Primary School, services will remain at Alva CAP and the £500,000 allocated for a HUB was safe. While pleased that there are no plans to relocate CAP it was reiterated that the meeting room at CAP isn't big enough for ACC meetings and does not meet the requirement for a Community Hub in Alva with multi-purpose meeting rooms, etc. There is limited scope for alterations at CAP. Cllr McGill wasn't present but Sandra will ask him to confirm for the March meeting where and when a Community Hub will be provided in Alva as a need for this was a major outcome of the Alva Community Action Plan.</p>	

## **Community Matters (CM)**

A CM Co-ordinating Group has been set up comprising representatives from other Community Councils in Clackmannanshire as well as other community groups. The Coordinating Group for Alva is made up of Sandra, Robbie, Lynn, Linda, Iain and member of the public, Sylvia Hay.

Community Matters is funded by Clackmannanshire Council and the Scottish Government's Community Choices Fund. There was £100,000 available for community projects in Clackmannanshire. The Fund received 58 applications bidding totalling more than £250,000. (they weren't all eligible; some withdrew before the vote).

The Community Matters Fund gave communities including Alva the opportunity to weigh up projects and make decisions based on local needs and aspirations.

There were 9 Decision Events across the County where approx 1000 people voted at the events in total. Alva's event was on Saturday 21 January, where more members of the public (193) than any other town turned out to learn more about the projects which were bidding for funding and cast their votes accordingly.

Alva had £9000 split into Capital 69% - £6210 / Revenue 31% - £2790.

However, none of the 4 Alva applicants applied for a Capital project so they were effectively all in competition for the £2790 Revenue funding.

### **Successful**

#### **1<sup>st</sup> - Alva Scout Group - £715 (fully funded)**

Trip to National Activity Centre to build confidence, teamwork and new skills

#### **2<sup>nd</sup> - Alva Glen Heritage Trust - £2975 (part funded - £2075)**

repair damage, renew walls, maintain paths, volunteer training, planning, notices & interpretation

### **Unsuccessful**

#### **Alva Toddlers Group - £800**

#### **Alva Golf Club - £1130**

(ironically if they had applied for £5000 for a new roof – instead of repair - they probably would have been successful as the Capital fund was underspent)

#### **Alva Community Action Plan Steering Group - £5000 Capital – disqualified as above.**

outdoor gym equipment to encourage intergenerational and fitness activities

We would like to thank all 4 of the Alva Groups who came along to the Decision Event and put their heart and soul into setting out their stall and pitching to persuade members of the public to vote for them. We had FREE hot and cold refreshments and cup cakes for ALL AGES as well as FREE face painting for kids and The Tartan Juggler.

£10,000 of the £100,000 was set aside for Clackmannanshire-wide applicants and there was a separate ballot paper for those.

The list of Community Matters awards is now on Clacksweb and Phil has put a link to it on ACC website. There will also hopefully be an article in Alloa Advertiser.

<p><b>11</b></p>	<p><b>Clackmannanshire Councillor Reports</b></p> <p>No Elected Members in Attendance</p>	
<p><b>12</b></p>	<p><b>AOCB</b></p> <p><b>Request for assistance from Alva Community Council to provide data required for Alva's town audit.</b> Linda has received an email from Ronnie Beverage at Clackmannanshire Council with this request. Following discussion it was agreed this would be very time consuming and there were no volunteers.</p> <p><b>Clock</b> – An MOP asked for an update on the clock at the bridge as it still isn't working. Lynn recalled that the Stirling Watch &amp; Co shop in Alva previously repaired it so she will ask for a quote. Lynn will also contact Clackmannanshire Council to see if they can assist with the removal as they have said they want to be more helpful to Community Councils.</p>	<p>Lynn</p>
